

TRANSVAAL IS NOT WEAKENING

Stories to that Effect Have
No Foundation in
Fact.

BLOODY TIMES COMING

Harder Fighting Than Has Yet
Been Done Lies Before
Gen. Roberts.

Boers Preparing to Resist the British
Advance Inch By Inch On the Road
to the Chief Transvaal Cities—They
Will Fight and Die in Their Tracks
For the Cause of Liberty—Another
Makeling Relief Rumor.

London, March 17.—[Special Cablegram]—The latest report from Roberts shows that the Free State has virtually been subjugated. The burghers by the hundreds are flocking to the British standard and the armed forces are scattered. Stories beginning to come in to the effect that the Transvaal is weakening, lack confirmation and there is nothing reliable to indicate that the Transvaalers will give up without a struggle which may make the bloodiest chapter of the war yet. If the Transvaalers stand firm, infinitely harder fighting lies before Roberts than that which he experienced with the irresolute Free State.

Has Makeling Been Relieved?
London, March 17.—[Special Cablegram]—The rumor is again current that Makeling has been relieved. The report is said to have come from a reliable source.

Boer Cause Is Hopeless

London, March 17.—The Boer resistance in the southern part of the Orange Free State, if British reports are confirmed, is completely collapsing. Lord Roberts claims to now have complete control of the railways from Cape Town to Bloemfontein.

Eight hundred Boers, who fled from the Free State capital, and the force under General Oliver, which retreated from Allwal North, are assembled on the borders of Basutoland waiting to hear the terms of Lord Roberts' proclamation, in the hope of making peace and surrendering.

Several other scattered detachments of Boers are also reported to be preparing to accept Lord Roberts' lenient terms.

Boer Forces Disintegrating

A daily dispatch to the Daily News from Lourenco Marquez, dated yesterday, says:
"Intrenching is proceeding on the Tsal River at Vercoyng.
"Late arrivals from Pretoria state that the Boers themselves now admit their cause is hopeless. Lucas Meyer, who commanded the column which attacked Dundee on Oct. 20, has refused to continue fighting and has gone home to his farm. General Schalkburger has also returned. The burghers are going home by hundreds.

War Correspondents Run It

Bloemfontein, March 17.—[Special Cablegram]—Gen. Roberts has entrusted the management of the local paper to a committee of war correspondents as a means of giving the public information, official and otherwise.

Charged With High Treason

Burgersdorp, March 17.—[Special Cablegram]—Mr. De Wit, a member of the Cape assembly and brother were arrested here today charged with high treason. The Boers under Olivier evacuated the position they held on the north bank of the river yesterday evening.

Boers Massing Their Force

Ladysmith, March 17.—[Special Cablegram]—Gen. Dundonald's horse has been reconnoitering the Free State border and report that the Boers are in strength at Van Rensburg's Pass and Tintawa's Pass into Drakensburg.

Roberts Praises His Troops

Bloemfontein, March 17.—[Special Cablegram]—Gen. Roberts has issued a proclamation congratulating the troops on the bravery and perseverance. Trains are now running regularly to Norval's Poot on the Orange river.

Big Blaze in Mohawk, N. Y.

Utica, N. Y., March 17.—The Mohawk Valley Hotel Block at Mohawk was burned early today. It contained, besides the hotel, five stores, the post-office, the offices of the town clerk, justice of peace, insurance office, Masonic hall and opera house. Little except the mail was saved from the building. All the town records were burned, as were also the records and charter of the Masonic lodge. The total losses are estimated at \$100,000.

PLOT TO KILL DINSMORE.

Two Men Arrested While the Judge Is Charging the Jury.

Lexington, Neb., March 17.—As the judge was delivering the charge of the jury in the Dinsmore murder case Friday Dedrich Lane, uncle of the murdered man, and B. F. Tussing were arrested on the charge of preparing to assassinate Dinsmore. A janitor rushed into the courtroom and informed the bailiff that he had seen two men holding their revolvers under the court steps, and detailing how to act in concert in shooting Dinsmore. When the men were arrested their revolvers were taken from them and they were detained, Lane being placed under guard at the hotel and Tussing in jail. Dinsmore was cautioned not to stand near the window in the jail, and his guards placed him out of the range of vision in the courtroom, so that he could not be shot from the windows, as they consider the prospects of the prisoner being killed very strong. No talk of lynching has been indulged in, but individuals are very much worked up.

A verdict is expected today in the case, and if it is not for hanging more trouble is feared. Tussing made the remark in the presence of the county commissioners that Dinsmore would need a coffin in a few hours at least.

PORTO RICO IN THE SENATE NEXT WEEK

Republican Leaders Are in No Hurry
to Press Matter—Loud's Bill
in the House.

Washington, March 17.—[Special Telegram]—The Porto Rican bill will be unfinished business in the senate next week, but there seems to be no desire on the part of the republican leaders to press the matter until the caucus committee can thoroughly present a plan to settle the differences existing in their party. In the house the most important measure to come up is the Loud postal bill.

COLLIER HAS GIVEN THEM FAIR NOTICE

He Will Not Allow Kentucky Democrats to Arrest Taylor
Or Bradley.

Frankfort, Ky., March 17.—[Special Telegram]—The republican Adjutant General Collier announced today that the soldiers will not leave the state house grounds until all the courts had passed upon the Taylor-Backham suits. Collier says that Taylor and Bradley will not be arrested and intimates that trouble will follow, if the attempt is made.

Governor Taylor may make another appeal for federal assistance. It is said today that he wishes to have a small body of United States troops sent to Kentucky and to have President McKinley recognize him as governor, a recognition heretofore refused.

LESSONS FROM A STUDENT'S DAIRY

State University Students Addressed by
Prof. Pyre—Commencement
Week Preparations.

Madison, Wis., March 17.—[Special Telegram]—The weekly convocation of students was addressed by Assistant Professor Pyre who took for his subject, "A Student's Diary." The diary in question being that of Marshall Newell, a Harvard man of '94 who won great fame as an athlete both as a member of the football team and as an oarsman. Newell was killed while attending to his duties as Assistant Sept. of one of the divisions of an eastern railroad in 1897 and using his life, in its simplicity and strength as shown in his diary, the speaker made many helpful and timely suggestions to the students assembled.

Work on the excavations for the new engineering building is rapidly progressing, the frozen earth being loosened by the use of dynamite. The dirt removed is carried to the lower campus where it will be used in grading in front of the new State historical library building. This building also is rapidly nearly completion and large forces of men are at work in order that the building may be complete at the time set its dedication, the last of May.

Preparations are being made on all sides for commencement week. At a recent class meeting the seniors adopted the cap and gown and committee appointed for the Senior Sewing Out. These are the exercises where the cap and gown are produced and from that time on the members are to wear them. The same custom has also been adopted by the senior class in the college of law.

BAUMGAERTNER TO OPPOSE DAVID ROSE

STREET RAILWAY ISSUE IN
MILWAUKEE CAMPAIGN.

If Baumgaertner Is Nominated Populist Will Support Him For Mayor—Richardson Was Badly Beaten in the Primaries—Weld Goes to London.

Milwaukee, Wis., March 17.—Henry J. Baumgaertner will be nominated as the republican candidate for mayor as the result of the caucuses last evening. Wade Richardson, the street railway candidate, was beaten badly. The fight was conducted solely on the street railway issue, and it was remarkable from the fact that the vote was the largest ever polled in this city. This will make a clean cut issue between Mayor Rose, the democratic nominee, and Baumgaertner on the street car franchise question.

The populist convention held last night nominated Theodore Fritz for mayor and Herman Franks for city treasurer. The platform adopted denounced the present city administration for its course in regard to the street railway ordinance and declared for the initiative and referendum in all municipal legislative. The populists two years ago in the city election fused with the democrats, but now, it is said, they will support Henry Baumgaertner.

Weld Goes to London.

Arthur Weld, once the blooming Chappy of the Milwaukee Journal, who posed as an authority for styles in men's wear, and who at times set Milwaukee wild with his creations in trousers, high collars, and noisy vests, and who, though an American, affected the manners of the English aristocracy, has finally engaged to live in London, where he will be the representative of George W. Lederer's Shattisbury theatre, and other theatrical enterprises. It was reported some weeks ago that Mr. Weld would become Olga Nethersole's manager, and this present move was probably the foundation for the story.

Resigns a \$10,000 Position.

A. D. Meiselbach, general manager of the American Bicycle company's plant at North Milwaukee, has resigned his position with the trust, and his \$10,000 a year, and will turn his attention to typewriters and will establish a big plant in North Milwaukee. Mr. Meiselbach today confirmed the report of the purchase by him of the Sieg plant at Kenosha.

Galbraith Talks on Horses.

Delavan, Wis., March 17.—The last session of the Wisconsin Farmers' institute last night found the big crowd still in attendance and with undiminished interest. The first paper was "The Care of Milk," by H. J. Noyes of Muscoda. He gave practical directions for housing, feeding and care of cows, and how to care for milk to put it in best condition on the market. The concluding paper of the afternoon session was given by Alexander Galbraith of Janesville. His talk was about horses.

Harnden Is Still Alive.

Madison, Wis., March 17.—The condition of General Harnden early this morning is the same as it has been for the past twelve hours, and the fact that he is still alive is considered by his physician and nurse as simply remarkable. The sick soldier's vitality has surprised his attendants, who now say that he will probably live most of the day.

Key to the Transvaal.

Delagoa Bay, around which so much interest is just now centered, is the finest harbor in South Africa and practically the key to the Transvaal. Its value to England, therefore, if it could number it among their possessions will be readily understood, for it would enable them to cut off the supply of Boer war stores which the Portuguese are allowing to pass through Lourenco Marquez.

Goodies and Chatties of Kate Chase

Sprague in a New York Auction Room.

New York, March 17.—Scattered about the rooms of an auction house in West Twenty-eighth street, like the discarded pages of a torn novel, the household goods of Kate Chase Sprague await their further scattering under the hammer of some glib auctioneer. They tell a tale of life and love's tragedy and sorrow. Printed in letters of red and black over the door is the invitation. It is an epitaph, and reads, "Next important sale—the contents of the colonial residence of the late Hon. Salmon P. Chase, chief justice of the Supreme Court of the United States. Removed from Edgewood, near Washington." It seems like a dissecting room—like some ghastly place where a post-mortem examination is being made. For here and there are the dismembered effects of her who once had Washington at her feet; the enchantress of a great senator; the destiny of men who helped to make the destiny of the nation; the woman in whose thrall congressmen, members of the cabinet, ambassadors, general, even a president were willing captives; the woman who made and unmade men, and who died in poverty after her own brilliant life had been wrecked.

REV. SHELDON'S IDEA TO BE CARRIED OUT

TOPEKA CAPITAL TO CONTINUE
A RELIGIOUS DAILY.

Such Announcement Made By the Owners—But Sheldon Will Not Edit It—Pleased With the Experiment of the Clerical Editor—Success Is Looked For.

Topeka, Kan., March 17.—The business management of the Topeka Capital today announced that the paper will be continued as a religious daily on the lines, somewhat modified, established by the Rev. Charles M. Sheldon. The men who suggested to the author of "In His Steps" that he edit it, and who worked up a circulation of nearly half a million, do not propose that the profits of the boom shall vanish with the retirement of Mr. Sheldon tomorrow from the editorial chair.

Fred O. Popenoe, business manager of the Capital, says J. K. Hudson, the president editor-in-chief, will continue to act in that capacity, and associated with him will be Harold T. Chase who will do the religious editorial writing, and Augustus C. Babize who will serve as managing editor. Mr. Babize is a Chicago newspaper man and holds stock in the Capital corporation.

Sheldon Will Be Out.

"Mr. Sheldon," declared Mr. Popenoe "will have no connection with the paper after today. He feels that he was not intended for that sort of work and the owners of the paper feel that the course which he has marked out cannot be strictly followed with profit to the paper or success to the cause which it represents."

Mr. Sheldon held a conference late last night with the newspaper correspondents. He was greatly pleased with the decision of the Capital company to continue the publication of a Christian daily. He said he would not offer to become its editor, were such an offer tendered him, as he preferred to continue his work in the ministry. When asked his opinion of the probable success of the Capital as a religious daily, he said he had no doubt it "would be a success financially and otherwise."

I expect to see the Capital have a circulation of at least 100,000," he said.

Asks For Readers' Opinion

Mr. Sheldon last night gave out the following statement:
"I have no authority from the owners of the Capital to say what their plans or policy in the future will be. I am, however, authorized to make an appeal to the readers of this paper concerning their opinion in regard to the feasibility of maintaining a paper similar to the one which has been attempted this week.
"Will the readers state in writing to the Capital whether in their opinion the time is ripe for the establishment of a paper similar to this in its plans and purpose? Such an expression of opinion may be some indication of the extent to which such a paper would be sustained financially.
One of the features of the Capital this morning is an article advocating the abolition of public funerals. It was written by Stewart Sheldon, father of the Rev. Charles M. Sheldon, and it is indorsed in an editorial note.
The Rev. Mr. Sheldon writes an editorial on "The Ethics of Newspaper Advertising" and also open letters to manufacturers of liquor, the saloon-keeper, those authorized to enforce the law, and the consumer of liquor."

HARRISON LOVES HIS PRIVATE LIFE

Under No Circumstances Would He
Become a Candidate For
President Again.

Indianapolis, March 17.—"It can be said authoritatively that Mr. Harrison would not accept the presidential nomination even though it should come to him without a struggle and his election be assured beyond a doubt. He has no political aspirations whatever and nothing but the unanimous voice of the whole people, so expressed that it would make the duty too clear to be misunderstood, would induce him to leave private life again for public office.
"No such contingency is likely to arise, and therefore there is no probability that he will ever leave the privacy which he so much enjoys and which is adding yearly to his fame as a lawyer, a patriot and a lover of the home."
In these words a gentleman who held a position of great responsibility in the administration of President Harrison, made answer today to the current newspaper suggestion that Mr. Harrison might be induced to stand as a candidate for the republican nomination for president this fall.

FIRE CAUSED BY A GAS EXPLOSION

Five People Burned to Death in Joseph
Warren's House at
Columbus, O.

Columbus, O., March 17.—[Special Telegram]—Fire caused by a gasoline explosion in James Weaver's residence last night resulted in the destruction of the building and the death of four members of the Weaver family and Joseph White.

ASSAULTS PROF. ATWATER.

His Views on Intemperance Attacked by an Officer of W. C. T. U.

Joliet, Ill., March 17.—Mrs. Mary Brumbach of Odell, state superintendent of scientific temperance instruction, in her address yesterday vigorously attacked Prof. Atwater for his utterances before the recent convention in Chicago of school superintendents. "Probably at the next legislative session a bill will be introduced to repeal scientific educational law," she declared. "We have one of the best laws, and I believe the legislature will stand by us. But the Liquor Dealers' association will not spare money or effort to defeat the law, and we must stand by it or go down before this great oligarchy."

Brave Kenosha Student.

Kenosha, Wis., March 17.—Louis Ferry, a student in the high school in this city, risked his life last night to save the building from destruction by fire. A crowd of 600 people had gathered at the building to listen to an oratorical contest, and at the close of the contest a lamp exploded. People rushed from the hall panic-stricken, trampling each other down in their flight. Young Ferry, at the peril of his life, crawled into a narrow space between the floor and the stage and extinguished the flames. He was badly burned about the face and hands.

INDEPENDENCE IS PROMISED BY ROOT

But He Tells the Cubans They Must
First Have Stable Gov-
ernment.

Havana, March 17.—[Special Cablegram]—Before he sailed, Secretary Root had a long conference with the Cuban leaders. He again promised them absolute independence, but told them, however, that they must first have a stable government.

GALUSHA GROW IS DANGEROUSLY ILL

Oldest Member of the Present House
of Congress Not Likely
To Live.

Washington, March 17.—[Special Telegram]—Representative Galusha (Grow of Pennsylvania), the oldest member of the present house, is dangerously ill at a local hotel. His recovery is almost impossible.

ENGLAND OBSERVES ST. PATRICK'S DAY

Irish Flag Floating Over Windsor
Castle and the Mansion
House.

London, March 17.—[Special Cablegram]—For the first time in England's history St. Patrick's day is being generally observed. Green flags are hoisted over Windsor Castle, the Mansion house, and the government buildings this morning. Also on the town halls and many residences in all the cities.

Southampton, March 17.—[Special Cablegram]—Lady Roberts and daughter sailed for South Africa today. She was given an immense ovation, nearly everyone in the crowd waving green flags at the Irish general's wife. The Irish troops going on board the transports which sail today were decorated with green and wildly cheered.

NEW CANDIDATES OUT FOR GOVERNOR

Lieut. Gov. Jesse Stone and Walter
Alexander of Wausau are
in the Race.

Milwaukee, March 17.—Two more announcements of republican gubernatorial candidates will probably be made before the end of next week. One will be the open avowal of Lieut. Gov. Jesse Stone of his desire for the nomination, and the other will be the announcement of the candidacy of Walter Alexander, the well known lumberman of Wausau. There will be little news in the first announcement, as it has been known for over a year that Mr. Stone was thinking of entering the field, while for the last six months he has been almost an active candidate for the office. The news of Mr. Alexander's candidacy is a good deal of a surprise, as there are very few outside of his close friends in the Ninth congressional district who have been aware up to within the last few days that Mr. Alexander had any gubernatorial aspirations.

The news of his candidacy was brought to Milwaukee by George Taylor of the state board of control, who while in the city informed leading local politicians that Mr. Alexander had decided to enter the field. Mr. Alexander is wealthy and has been intimately connected with Congressman Stewart in business deals, and undoubtedly has the backing of the latter in his aspirations for political advancement. He will also prove a strong factor before the Republican state convention with the support behind him of the Ninth congressional district.

MISSIONS IN CHINA TO BE PROTECTED

American Warship Ordered
to the Celestial
Empire.

KAISER O.K'S THE MOVE

Missionary Interests At Taku
Threatened by the Almond
Eyed Natives.

Secretary Root On the Way Home From
Cuba—Many New National Banks
Being Organized Under the New
—Bill For the Establishment of Civil
Government in Porto Rico Nearly
Completed.

Washington, March 17.—Secretary Long has cabled instructions to Admiral Watson, at Cavite, to send a war ship to Taku, China, at the mouth of the Tielho river, to look after American missionary interests that are threatened. He has left the selection of the ship to Admiral Watson.

Berlin, March 17.—Referring to the attacks on American missionaries in China and to the orders issued by the United States to Admiral Watson to send a war ship to Taku to look after the interests of the missionaries, a high official of the German foreign office said this morning: "Germany does not claim authority over the entire Shan-Tung peninsula, and the United States government has a perfect right to send a ship there for the protection of American citizens."

Secretary Root Coming Home

Washington, March 17.—General Humphrey, quartermaster at Havana, reports to the war department that Secretary Root will leave that port on the transport Sedgwick today for Charleston, where he will inspect the newly constructed fortification.

Many New National Banks

New National banks are being formed in comparatively large numbers daily. The new law is influencing the state banks throughout the country to become national banks, and many applications are being received by the comptroller of the currency. The several departments of the treasury are submerged in work now, getting straight under the new law.

Porto Rico Civil Government

The bill for establishing a civil government in Porto Rico has been practically completed by the subcommittee of the house committee on insular affairs. The bill prohibits the issue of stock or bonds except for cash, or the issue of stock or bond dividends. It prohibits the granting of public franchises by private bills. It prohibits the organization of banks of issue and the organization of agricultural corporations.

CITY OF LOUISVILLE STUCK IN THE ICE

Lake Steamer Fast Five Miles Off St.
Jo, Mich.—Heavy Gale Is
Blowing.

St. Joseph, Mich., March 17.—The passenger steamer City of Louisville of the Graham & Morton line is frozen in an ice pack five miles from shore. It is southwest of the harbor, drifting before a gale and headed for the beach. On board are twenty passengers from Chicago and the crew.

The steamer has consumed nearly all of its coal and practically is disabled. Apprehension is felt that before rescue work can be resumed it may drift on a sandbar or succumb to an ice jam.

The Louisville is wedged in a pack of ice cakes in places six feet thick. Beyond the pack a high sea is raging. An effort is being made this morning by a tug to get the passengers from the boat.

ORATORY IN SCHOOLS

Milwaukee Won the Internal and
Denver the Junior Oratorical
Contest.

Milwaukee, March 17.—Milwaukee won the internal oratorical contest last night, E. N. Chickering being awarded first place for his masterly oration, "Robert E. Lee," while second place went to the only young woman who participated in the contest, Miss Clara G. Hargraves of Whitewater, Jerome H. Wheelock of Stevens Point securing third.

Madison, Wis., March 17.—Clarence E. McCartney of Denver, Col., won the junior oratorical contest at Library hall last night, his subject being "National Apostasy." Robert A. Mauer of Sheboygan was given second place. He spoke on "Thaddeus Kosciuszko." Kenosha, Wis., March 17.—At the declamatory contest last night Theodore H. Abel and Miss Grace Ellis were chosen to represent the High school at the Inter school contest at Racine, March 23.

BUYERS SEEKING COUNTY REAL ESTATE

SALES AT HIGH PRICES HAVE
BEEN BRISK.

Indications Are That This Spring Will
See a Boom in the Business—Farm
and City Property in Demand—
Houses of All Kinds Are Rentable
These Days.

Real estate sales in Rock county dur-
ing the month of February have been of
a brisk nature. The prices have been
such as to clearly demonstrate that both
farm and city property is today bring-
ing better figures than any time during
the past five years.

Real estate dealers report plenty of
buyers who are in the field looking for
bargains on the speculation order. But
holders of property now prefer to wait
than to sell to this class of buyers.
Houses to rent at moderate prices are
scarce, the demand now being far in ex-
cess of the supply. Especially is this
true in Beloit and Janesville. This
spring will witness a lively real estate
market in all portions of Rock county.

Following are the sales as recorded
during the month of February by
Register of Deeds O. D. Rowe:

BELEATED COLD WAVE HITS JANESVILLE

MARCH LAMB MORE FRISKY
THAN WINTER YESTERDAY.

Entire Lake Region In the Embrace of
a Chill Wave—Early Fruits Report-
ed to Be Blighted In the
South—Was Not a Record
Breaker.

The March lamb was never more
frisky than winter in his spring caper
yesterday, and not only the Irish in the
anguish of the contemplation of a St.
Patrick's day in zero weather, but every-
body except the plumber and the coal
dealer bestowed anathemas on the blus-
tering, arctic cold. Three-fourths of the
country was shivering at a temperature
under the freezing point.

Deep snow covered all the states on
the Atlantic coast from North Carolina
to Maine. The strawberry plants in full
blossom and the early vegetable crops of
the south were blighted by the frost
and destroyed.

Reached Zero in This City

Janesville, with the thermometer at
zero, stood out on the weather map last
night as the coldest place on the con-
tinent, while the fur clad inhabitants of
Calgary, in the northwest Canadian ter-
ritory, were basking in the spring
warmth of 40 degrees above zero.

The ice-laden waves sneaked in from
the northwest unheralded and almost
noticed so gradually did it approach, and
the strange thing about it was that it
grew colder as it neared this region.
The low mark at zero was reached at 8
o'clock last night.

Not a Record Breaker

It was not a record breaker for March
but has the distinction of being one of
the five times in thirty years that the
temperature went down to zero in the
month of weather peculiarities. The
belt for the month is held by March 4,
1873, when it was 12 degrees below
zero. The other records are: March
4, 1884; March 22, 1888, and March 1,
1890, each with 1 degree below the noth-
ing notch.

The movement of the mercury was
steadily downward throughout the day.
It sometimes stood still for a little while
but never regained lost ground until
after it reached the zero line at the hour
of official observation.

Milwaukee, Chicago and Green Bay
reported zero weather last night, but
the western stations showed a rise.
Dubuque, with 2 degrees below in the
morning, was 2 degrees above in the
evening. St. Paul, with zero at 7 a. m.,
had 8 above at 7 p. m.

GRAND OPERA HOUSE CROWDED TO DOORS

Lent Seems to Make But Little Differ-
ence When a Well Advertised
Show Comes Along.

If one is to judge from the crowded
house that greeted "The Evil Eye" per-
formance at the Myers Grand opera
house last evening it is quite evident
that there are many in Janesville who do
not believe in the keeping of Lent.
When the curtain went up on the first
act standing room was at a premium.
Long before the 8 o'clock hour nearly
every seat in the house was sold. The
performance gave general satisfaction
and was all that was claimed for it. The
scenery and mechanical effects were ex-
cellent. Novel and entertaining features
were numerous.

The girls were not what a good
and careful beauty judge would call hand-
some, but they did their work well,
which fact drew forth hearty and well
deserved applause. The performance from
start to finish was what one would call
a first class spectacular burlesque. The
work of the chorus went with a dash.
The Phaezy troupe of snare drummers
and buglers was novel and drew forth
hearty applause.

The electrical ballet was beautiful.
Comedy work on the part of Al H. Wil-
son, Bobby Rosaire and Tommy Elliot
caught the audience. Rosaire and Elliot
as the mutes, "Nid" and "Nod" did
acrobatic work that was above criticism.
"The Evil Eye" company has left in
Janesville a reputation that they may
well feel proud of.

SENATOR QUARLES' VIEWS

Senator Quarles defends the Porto Rico tariff bill in these words:

"I must confess to some surprise at the view taken of the Porto Rico tariff bill by many people who are actuated by a feeling of friendliness to the people of the island. It is exactly that feeling that has prompted the pending bill.

"We do not propose to take a dollar of the tax that is raised from articles going into or coming out of Porto Rico. Instead of placing a tax upon the impoverished people who are not able to pay, we raise the revenue by indirect tax as we have been in the habit of doing our own people.

"The warehouses of Porto Rico are full of sugar and tobacco. Planters and speculators of Porto Rico are here using every possible influence to bring about free trade in their own interest. They will have to pay the bulk of the revenue, and they know it. We propose to give the ordinary Porto Ricans a rest and raise the revenue in a manner which will place no burden upon them.

"This is a mere temporary expedient to bridge over an emergency, and why the people should become hysterical on the subject I cannot understand. No territory ever taken into the United States has been so generously treated, but in every other instance the revenue has been raised by direct taxation. The strongest argument in favor of the bill, perhaps, is the fact that an assertion of the right to lay the tariff would enable us to obtain a speedy decision of the supreme court upon a fundamental principle which must control all the legislation regulating all the islands. You must see the importance of having this decision at the earliest moment.

"I am entirely unable to see my principle sacrificed, any right that is violated, or any harm that is done by this temporary measure."

Henry F. Corbett has been acquitted of the charge of shooting Rev. and Mrs. Cheney, of Racine; and a subscription paper has been circulated to raise money to send him to his home in England. Corbett was the victim of circumstances, but the people of Racine, apparently, propose to come as near righting the wrong done him as possible.

The call to Detroit was certainly a very handsome compliment to Rev. E. H. Ponce, but the good people of that city will soon know that the brilliant young minister is equal to any occasion. Mr. Ponce certainly has rare gifts in his chosen work and his future is bright with promise.

Secretary of War Root, who is now in Cuba, says that he considers the residents of that island capable of self government. The Cubans have been apt scholars, and have made splendid progress under American instruction.

New Jersey contributed state money toward the building of 450 miles of good roads last year, while counties, towns, ships, and municipalities built as much more. New Jersey is setting an example that all states should follow. Good roads are worth the cost.

Theodore Roosevelt also argues in favor of Henry C. Payne as a member of the Republican national committee, and Theodore, like Mark Hanna, is credited, generally, with some small amount of political horse sense.

The Milwaukee Evening Wisconsin states the case tersely as follows: Every man to his trade. If the Rev. Mr. Sheldon is equal to his opportunities in the pulpit, the good cause is a loser by every day that he devotes to the making of an imitation newspaper.

Naval authorities say that now is the accepted time to enlist. There is a shortage of naval officers, and hence opportunities for bright young men to work their way upward.

Costa Rica and Nicaragua have no objection to the Hay-Pauncefote

treaty, but, on the contrary, would be very glad to see their Uncle Samuel grab his spade and begin work on the canal.

Remember, the caucuses are open a full hour, and don't fail to attend. It will not require five minutes time to vote.

We opine, however, that the Rev. Mr. Sheldon will also be glad to quit when his time is up.

And this is "the day after" in Milwaukee.

CONVENTION

A Republican Convention for the County of Rock will be held in the Circuit Court room at the Court House in the City of Janesville, Wisconsin, on the 20th day of April, 1900, at 2 o'clock p. m., for the purpose of electing delegates to the State Convention at Milwaukee, April 25, 1900, to be held for the purpose of electing delegates to the National Convention, to be held in Philadelphia, Penn., on the 10th day of June, 1900, and to nominate electors of President and Vice President of the United States, to be voted for at the general election in November next, and further for the election of delegates to the several Assembly districts in the Congressional convention for the First Congressional district, to be held at Kenosha, Wisconsin, April 25, 1900, and for such other business as may properly come before the Convention.

Dated, March 10, 1900.

By order of the Rock County Republican Committee.

THOMAS S. NOLAN, Chairman.

WILLIAM A. JACKSON, Secretary.

MODIFIED COLONIAL.

Neat Little Home Containing Nine Rooms—Costs \$2,000 to Build.

[Copyright, 1900, by George Hitchings, architect, 1090 Flatbush avenue, Brooklyn.]

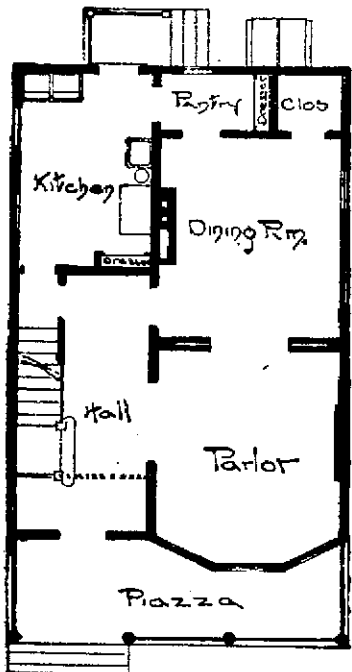

Most men look forward to the time when they may own a home of their own and experience that sense of possession which adds so much to the joy of home life. Many fail to attain their desires from various causes, chief of which, perhaps, being lack of initiative, because once a man earning a fair salary begins seri-

ously to consider this matter and sets about finding a way he is pretty sure finally to land in his own house. He does not need to have large means, for very comfortable and handsome homes can be built within the means of a steady working mechanic. This house is such a one, being neat in appearance and of moderate cost.

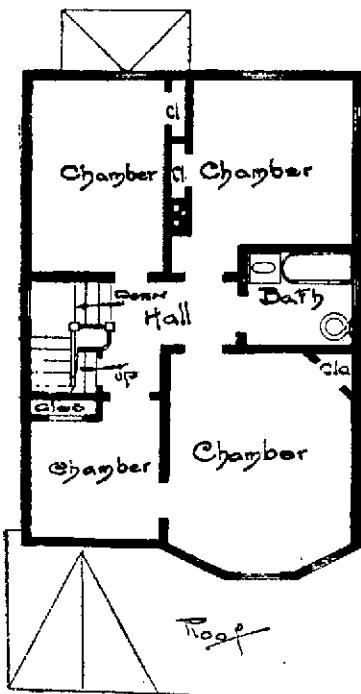

This design shows a cheap but tasty little home. It is 22 feet wide by 32 feet deep and has nine rooms and a bath. The design is very plain, but is ornamented by three dormer windows with art glass in each, making a pleasing ap-

pearance. This design may be termed a modified colonial, the cornice and the columns on the piazza being colonial features. The large hall is ornamented by platform stairs built of oak, with a fancy grille piece across the hall, as shown on the plan by a dotted line.

The hall is 17 feet long by 8 feet 6 inches wide and is separated from the parlor by portieres. The parlor is a large, light room, having a bay window across the front. This room is 12 feet wide by 14 feet deep and is separated from the dining room by sliding doors. The dining room is 12 feet wide by 13 feet 6 inches deep and has a large china closet

and a large butler's pantry, with a dresser built in between the dining room and kitchen. The kitchen is fitted up with all the modern improvements. The dining room and the parlor have fine wood mantels and with tile hearths.

The second story has four good sized rooms and a bathroom. There are two finished rooms in the attic. The house is trimmed with cypress wood throughout and can be built for \$2,000. And it makes a perfect little home.

Contractor Could Not Recover.

Where a contractor did not perform the work according to contract, but left a substantial portion unperformed and failed to show any reasonable excuse for nonperformance, and portions of that done was not done in a skillful and workmanlike manner, he could not recover.—Broadbent Versus Marley, 58 N. Care of Furniture.

First dust furniture well, then take a good polish of sweet oil and turpentine, rub on, and then polish again with a dry flannel.

VOTE AID FOR PUERTO RICO.

Senate Passes Appropriation Bill for the Relief of the Island.

TARIFF BILL IS DISCUSSED.

Some Statesmen Believe They See Intent to Abandon Expansion Policy—Protests Are Still Coming In—Conflict Over Foraker Measure Shows No Signs of Abating

Washington, March 17.—The senate passed the Puerto Rican appropriation bill Tuesday afternoon without a roll call or party division. In passing it the senators on both sides disclaimed any purpose by their votes to fix a precedent for voting on the Puerto Rican tariff bill.

It is believed by some senators that the purpose of the tariff bill is to find a way to abandon the expansion policy of the administration and cut

SENATOR FORAKER.

and run from the Philippine problem if the Supreme court shall decide that the tariff bill is unconstitutional. Gen. Grosvenor has found fault because Admiral Dewey had more power than authority when he destroyed the Spanish fleet and took possession of the Philippines. Other republicans, principally those who in the senate and house two years ago sought to prevent the war with Spain by all possible means, and were opposed to demanding the cession of the Philippines, are throwing out hints that unless this government can follow in the footsteps of England in establishing a colonial system, with separate tariffs and separate laws for each colony, we do not want the Philippines, and will find a way to let go of them.

Senator Allison sought to keep the Puerto Rican appropriation bill free from all discussion of the great question at issue, as to whether this government has the moral or legal right to fix tariff rates between the island and other parts of the United States. Senators Foraker and Spooner, who represent the extremes in the republican party on the question of establishing civil government in the island, also sought to keep that question out of the debate. The republicans all took the position that this was an appropriation bill to provide money for Puerto Rico to relieve distress in the only way possible to the government. The democrats came around to the same view, and Senator Jones withdrew his amendments, one of which provided that there should hereafter be no tariffs between the ports in Puerto Rico and other parts of the United States, and announced that he would not object to the appropriation bill.

The Allen amendment, declaring that the constitution by force of peace treaty extended over the island, was defeated on a motion to lay on the table by a vote of 36 to 17.

The situation regarding the tariff provision has not changed, but, judging from the letters, telegrams and postal cards that keep coming in protest, western senators are becoming convinced that the indignation against the tariff is increasing in force and extent.

Senator Allison has named the republican caucus committee which will consider ways and means to handle the Puerto Rican legislation now before the senate. Senator Foraker is chairman. The committee will first consider the advisability of separating the tariff amendment from the civil-government bill. The house managers are anxious for this division, in order that the senate may pass the tariff bill. But the senate managers see no way of getting the tariff bill through the senate, except as an amendment to the Foraker civil-government bill. They cannot muster the republican votes to pass the tariff bill standing alone. Their only hope is to carry it through with the Foraker bill, which is popular in the senate, in spite of the opposition of Senators Spooner, Hanna, Platt and Aldrich.

A resolution was offered by Mr. Hoar and was agreed to, directing the secretary of war to furnish to the senate a copy of a letter from Emilio Aguinaldo, dated at Bacoor, July 15, 1898, addressed to the American commander and forwarded to Gen. Merritt July 27, 1898.

Mr. Hoar asked unanimous consent that the Quay case be taken up two weeks from next Tuesday and continued from day to day undisposed of, exception being made in favor of the joint resolution as to the Philippine Islands, appropriation bills and conference reports. After various suggestions and modifications unanimous consent was given.

Mr. Sullivan (dem., Miss.) offered a resolution, which went to the table, allowing a messenger at \$1,040 a year to every senator who is not a chairman of a committee.

It Began with Pains in the Back

Mr. W. J. Juengert, 102 Landon St., Buffalo, N. Y., tells how he was cured by Dr. Williams' Pink Pills for Pale People. He says:

"About one year ago I was suffering a great deal with kidney trouble, and the terrible pains which I experienced in the small of my back almost incapacitated me for work. I tried wearing plaster but they did me no good whatever. In connection with this kidney trouble I was subject to chronic headaches. I was advised to try Dr. Williams' Pink Pills for Pale People. I did so and soon noticed a great improvement, after continuing their use for several months all traces of the kidney trouble disappeared and the headaches became less frequent."

"Housework is hard work without Gold Dust"

Care of Lamps

Many housekeepers think there is nothing to learn about the care of lamps, but if the little details here mentioned are adhered to there will be a great difference in the light. First, a lamp must be cleaned and filled every morning; the burners should be cleaned once a week, and the best way is to boil them in water to which

Gold Dust Washing Powder

has been added. Put a teaspoonful into a quart of water and boil ten minutes. The fuel should be put into a pan of cold water and heated slowly until they boil, then take off and allow to cool gradually; this toughens the glass.

WINE OF CARDUI

WOMEN WHO WORK.

St. Louis, Mo., Aug. 12.

Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

ARE MASSING ON THE VAAL.

Boer Forces Intrenching at Vereeniging.

ROBERTS MANEUVERS FORTIME

Afrikaanders Said to Be Preparing to Make a Stand Near Border Line of the Two Republics Between Bloemfontein and Pretoria.

London, March 17.—The Boers are believed to be intrenching at Vereeniging, a village on the Vaal, where the river is crossed by the railroad between Bloemfontein and Pretoria.

While President Steyn, with the Boer commandos behind him, is still in the field at Kroonstad and Ventersburg, and there is a year guard at Brandfort or Winburg, the march northward does not seem likely to be seriously opposed.

Gen. Pole-Carew, with the guards, has arrived at Springfontein, and is probably already in touch with Gens. Gatacre and Clements.

Gen. Roberts, in his midnight report, said nothing about the Dutch rear guards. These have probably disbanded, and there is no obstacle in the immediate opening of railway communication from Bloemfontein to the Orange river.

Lord Roberts states that two contingents of the Free State forces are on the border of Basutoland awaiting the terms of his proclamation before surrendering. The burghers are abandoning Steyn and preparing to give up their arms and return to their farms. The campaign in the Free State is virtually over.

The report that a relief column has been organized at Kimberley has been confirmed. It is recruited from volunteers and local forces and stiffened with regulars. Gen. Kitchener has clearly been at work there, and the seizure of Boshof is connected with the movement. As there is a Boer force at Fourteen Streams, the column will have severe fighting before it can cross the Vaal and clear the western border.

Three days' later news has come from Mafeking, where the garrison was holding out well on Friday week and had been able to seize the Boers' advanced trench south of the town.

It appears that President Steyn owed his escape from Bloemfontein to a subterfuge. The Boers were anxious that he should surrender to the British. So as to avoid being made a prisoner he announced his intention of visiting an outpost. Instead of doing this, however, he jumped into a carriage which was waiting for him outside the town, and, driving rapidly away, soon made his escape good.

The occupation of Bloemfontein is a peace measure of great efficacy. The capital has welcomed Lord Roberts' soldiers, and is rejoicing that so far as the Free State is concerned the war is virtually at an end. The influence of the capital is felt north and south. The forces blocking the advance of Gatacre, Brabant and Clements are breaking up. The commandos in the north are thinning out, nightly from desertion.

It is stated in Cape Town that the Free State prisoners captured at Paardeberg may be allowed to return home.

News comes from Lourenco Marquez to the effect that Gens. Lucas Meyer and Schalkburger had returned to their farms. These are two of the best generals, and it seems scarcely likely that they should both have withdrawn from the field. The loss of their services would certainly be a very serious one for the burgher army.

The details of the concentric movement upon Springfontein are coming in slowly. Gen. Brabant was too far east to take part in it, and he was fully occupied in reconnoitering the enemy's position north of Aliwal North. Gen. Clements had forced the passage of the river at Noval's pont on Thursday morning and constructed a pontoon bridge for carrying over his heavy guns. Gen. Gatacre was moving forward rapidly toward Springfontein.

WHITE REPEATS HIS THREAT.

Johannesburg's Proximity to Pretoria Compels Its Destruction.

Washington, March 17.—Montague White, the Boer diplomatic agent in this country, delivered a lecture last night before the National Geographic society. "Johannesburg is about thirty-five miles from Pretoria," he said, "and a position of strategic importance. It would be a menace to Pretoria—a base of supplies for English operations against very important points in the Boer defense. It might be possible by an agreement that England should not occupy the city and make use of it strategically to prevent its destruction. Otherwise it seems to me—indeed, I have never thought anything else—the Boers must destroy the city rather than permit it to fall into the hands of the British, for Johannesburg is a stepping-stone for the British—a help for them. It has never occurred to me that the Boers would hesitate in removing stepping-stones from the path of the British army."

Magersfontein and Stormberg.

London, March 17.—Gen. Lord Methuen's report, dated Feb. 15, of the disastrous battle of Magersfontein on Dec. 11, gives direct denial to the persistent reports that Gen. Wauchope protested against his instructions as impracticable. Gen. Methuen in his report implies that the blame rests on Col. Hughes-Hallett, who ordered the retirement of the Highland brigade. Commenting on Gen. Gatacre's attempt to seize Stormberg Junction, Gen. Roberts declares that its failure was main-

ly due to his reliance on inaccurate information as to the route, the employment of too small a force and the exhaustion of the men. Lord Roberts adds that Gen. Gatacre should have halted and endeavored to find the proper road, or should have retired to Molteng.

RHODES AND HIS REPUBLIC.

Kimberley Magnate Denies That He Favored Boers' Independence. Cape Town, March 17.—In an interview in the Cape Argus Cecil Rhodes declared that, while he favored the independence of the South African republics, he believed that their federation would be impossible until the republics have been a crown colony for some years. He denied that he had ever made overtures to the Afrikaner bond although he said he was always willing to co-operate with the loyal Dutch.

London a-Wearin' of the Green.

London, March 17.—St. Patrick's day is being observed today in London as it has never been before. This is the result of the queen's order for "the wearing of the green." The wholesale and retail dealers in flags completely sold out their stocks of green flags, and yesterday the freight stations were crowded with crates of shamrock from Ireland, and the delivery of packages of the Irish emblem by the parcels post equals the Christmas delivery. The supply is not equal to the demand, and as a result imitation shamrocks are being sold in large quantities.

Western Union Sued for Libel.

Minneapolis, Minn., March 17.—In the United States court Frank M. Nye was yesterday awarded \$500 in a suit for damages against the Western Union Telegraph company for sending alleged libelous messages, which stated that Mr. Nye, who was formerly county attorney and a prominent politician, had been "bought up" by C. A. Pillsbury in the campaign of 1896.

Day Set for Jester's Hearing.

Mexico, Mo., March 17.—The trial of Alexander Jester for the killing of Gilbert Gates thirty years ago has been docketed for March 26 at New London. Jester's attorney, P. H. Cullen, says he does not think the case will be tried when called, but will be set for a special term in July. He says it will take about four weeks to try the case.

Fatal Gasoline Explosion.

Columbus, Ohio, March 17.—An explosion last night resulting from an attempt of Joseph White to start a fire with gasoline occasioned the death of a 4-year-old child and fatal injuries to White, Mrs. Alice Weaver and her three other children and the serious, if not fatal, injury of James Weaver, father of the family.

MENU FOR MONDAY.

The lives of men who have always been crowded are strong along their whole course with the things they have learned to do without.—Anon.

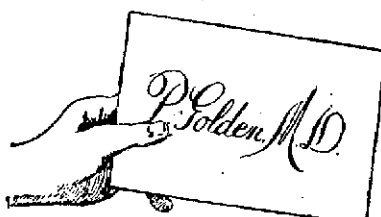

BREAKFAST.

Stewed Tomatoes.
Roasted Veal Kidneys.
Peach Marmalade. Toast. Coffee.

LUNCHEON.
Spaghetti with Black Pepper Sauce.
Artichoke Salad.
Bread and Butter Sandwiches.

DINNER.
Dress of White Dress.
Sardines, Celery, Radishes.
Roast Lamb of Pork.
Baked Apples, Whipped Cream.
Coffee.

BARRE DE CAPUCINE.—Take two handfuls of clean white, fresh barre de capucine, clean and wash them carefully and thoroughly, but do not wash the salad as it loses its taste and is rendered too soft to use. Cut it into three sheets and place in the salad bowl. Mix with it in a wooden salad bowl two spoonsful of vinegar, half a pinch of salt and one-third of a pinch of pepper and pour it over the salad; then add one spoonful of oil, mix well and serve immediately.

BLACK BUTTER SARDINES.—Warm one ounce of good butter until it becomes brown, add six parsley leaves, heat again for one minute, then throw in five drops of vinegar. Pour into a sauce bowl and serve.

Dr. Pierce's Golden Medical Discovery.

"My husband had been coughing for years and people frankly told me that he would go into consumption," writes Mrs. John Shireman, of No. 255 1/2th Place, Chicago, Ill. "In the spring of 1898 he took measles. He caught cold, the measles then settling on his lungs, causing such terrible coughing spells, we not only grew much alarmed, but looked for the burning of a blood vessel or a hemorrhage at almost any time. After three days' coughing he was too weak to cross the room. The doctor who lived with us on the same floor did him no good. I went to the other end of the town and stated the case to a druggist, who then handed me a bottle of Dr. Pierce's Golden Medical Discovery. My husband's recovery was remarkable in its speed. In three days after he began using Dr. Pierce's Golden Medical Discovery he was up and around and in two more days he went to work. Two bottles cured him."

Sick people are invited to consult Dr. Pierce by letter absolutely free of charge. Every letter is treated as strictly private and sacredly confidential. All answers are sent in plain envelopes without any printing upon them. Address Dr. R. V. Pierce, Buffalo, N. Y.

From Deep Sorrow to Great Joy

What Mother's Love and Tender Care Failed to Accomplish Hood's Sarsaparilla Promptly Effected.

"I would cry every time I washed my baby!"

This plaintive sentence tells a volume of mother's agony. In such a dreadful condition from eruptions and sores, Mrs. Guerinet's child received the tenderest care that mother's love could give, and the most skillful medical attendance that father's means could provide. Yet all failed until they turned to Hood's Sarsaparilla, which in this as in thousands of other cases has seemed to be the last resort, yet it has not failed. The result was inevitable—just as certain to cure as that day follows night. Evening's weeping turned to morning's rejoicing. That is what Hood's Sarsaparilla will do for you if you will only let it. Just read Mrs. Guerinet's letter. It is a characteristic Hood's Sarsaparilla testimonial:

"My baby was three months old when festers broke out on his neck. The openings appeared like boils, spread down his back and along the spinal column until it appeared as one mass of sores. Our doctor prescribed for the case, but the disease spread and the little one's sufferings increased and he became a mere shadow. His pitiful wailing was heart-rending. It nearly crazed me, weary and worn-out as I was from constant watching and nursing. The discharge of matter was so profuse that it was necessary to dress his back three times a day. Every time the bandages were removed blood would flow and for a time even powders and different salves did not check the trouble. It became necessary to wrap the little body in silk. When the trouble appeared at its height our anxiety was increased by the appearance of a boil just outside the lid alongside one of his eyes. We feared lest the scrofulous matter got into the eye, and even if his life was spared to us, that his sight would become affected."

"I had about given up hope of saving my baby, when I was asked why I did not try Hood's Sarsaparilla. Eager for anything that held out hope, I procured a bottle of Hood's. I also got a cake of Hood's Medicated Soap and a box of Hood's Olive Ointment. I immediately laid aside all the doctor's medicines and

gave the infant the smallest dose of the Sarsaparilla prescribed, and then took off the bandages and washed the mass of sores with the Medicated Soap. Next I applied the Olive Ointment and adjusted a fresh wrapping of silk. A change was noticeable the next Sunday, giving assurance that we had at last hit upon the treatment to successfully battle the poisonous blood.

"Slowly but with a perceptible gain, the discharge grew less, the inflammation disappeared, the surrounding skin took on a more healthy color, and what a short time before had been a mass of raw flesh began to scale over and gradually a thin skin formed and the scales dropped off. Not a scar or blemish around the eye, neck or back or anywhere on his body is to be found, and now at eight months old he is as bright, healthy and full grown as any child of that age. Less than two bottles of Hood's Sarsaparilla, aided by Hood's Medicated Soap and Hood's Olive Ointment, accomplished this wonderful cure."

"I cannot begin to express my gratitude towards Hood's Sarsaparilla and your other medicines for the good they accomplished in my baby's case." Mrs. N. GUERINET, 37 Myrtle St., Rochester, N. Y.

For the cure of all blood diseases and Spring Humors, Hood's Sarsaparilla is unequalled. Try it.

The Season of The Aching Foot....

Did you ever wonder why your feet became so sore and tender at this time every year; how the joints ache and make it seem as though you were treading on a ridgy surface and it took you an hour or so every morning before your shoes felt on your feet as though they belonged to them? R & G

When an R & G Corset is made, it is stretched over a steam-heated, iron form with a pressure of 600 pounds, that takes out every atom of "give" in the goods. The iron form is modeled after a perfect human figure and each style of R & G Corsets has its special form.

R & G Corsets are the only corsets that are made in this way—the only corsets that will not stretch—the only ones that do not have to be broken in.

Every R & G Corset is guaranteed to fit and wear satisfactorily. The picture shows the style of our popular Number 397 which sells at \$1. It has absolutely all the perfection of shape, fit and wear that any corset can have, no matter what the price. No corset of any other make is as good at any price.

Your dealer can supply you with R & G Corsets, if he will. If he will not, write to R & G CORSET CO., 375 BROADWAY, N. Y.

Bank Circulation on the Increase.
Washington, March 17.—Applications from national banks to take out additional circulation under the new currency law are being received by the comptroller at the rate of fifty or sixty a day. The comptroller expects that the division of issue will be able to dispose of about seventy applications a day, the daily amount of notes sent out being about \$1,000,000. The comptroller of the currency granted authority today fifteen new banks to organize under the terms of the new currency law.

More Time for French Treaty.
Washington, March 17.—The French ambassador and Mr. Kasson, the special reciprocity plenipotentiary of the United States, were in conference yesterday in regard to the proposed extension of the French reciprocity treaty for one year if possible. If the agreement to extend the time for the exchange of ratifications is not made before March 24, the treaty will fail.

Good News Awaits Bryan.
Lincoln, Neb., March 17.—William J. Bryan arrived home in this city today from Texas. Awaiting him was a telegram from the democrats of Rhode Island informing him that their state convention at Woonsocket endorsed him for the presidency and instructed their delegates to the Kansas City convention to support him for the nomination. Tonight Mr. Bryan was the guest of honor at a banquet given by the Bimetallic club of Nebraska university, and he responded to a toast. The spread was in compliment to Mr. Bryan's fortieth birthday anniversary, which falls on Monday.

Three Sisters Bear Twins.
Newark, N. J., March 17.—Three sisters at Mendham, a village near here, within about three hours last night were safely delivered of healthy twins. Mrs. J. W. Garrahrant gave birth about 8 o'clock to two boys. An hour later two tiny boys put in an appearance at the home of her sister, Mrs. Charles Freeman, and soon after a third sister, Mrs. Frederick Guerin, presented her husband with twin girls. There will be a sextuple christening, with ceremonies worthy of an event so unusual.

Archbishop Keane Is Favored.
Dubuque, Iowa, March 17.—It developed today that Archbishop Keane of Washington, Bishops Cosgrove of Davenport and Linghan of Cheyenne are in the order named nominated as candidates for the archbishopric of Dubuque; that Archbishop Keane was given the refusal of the diocese in accord with the expressed wish of the archbishops of the country. Keane may decline the position. Should he do so Bishop Cosgrove will be the man.
